

# TECHNICAL DATA SHEET

## Battery terminal grease

**Art. no. 0890 104 1**

P. Qty.: 1 / 10

**Highly adhesive, water-resistant red paste provides long-term protection from oxidation for battery terminals and terminals.**

Contents	100 ml
Colour	Red
Smell/fragrance	Hydrocarbon
Shelf life from production	36 Month
Density	0.93 g/cm <sup>3</sup>
Density conditions	at 20 °C
Min. temperature conditions	-30 °C
Max. temperature conditions	85 °C

The usage instructions are recommendations based on the tests we have conducted and based on our experience; carry out your own tests before each application. Due to the large number of applications and storage and processing conditions, we do not assume any liability for a specific application result. Insofar as our free customer service provides technical information or acts as an advisory service, no responsibility is assumed by this service except where the advice or information given falls within the scope of our specified, contractually agreed service or the advisor was acting deliberately. We guarantee consistent quality of our products. We reserve the right to make technical changes and further develop products.
